

## WILSON MAKES PERSONAL APPEAL FOR TARIFF CUT

*Smashes Precedents of Over a Century by  
Reading His Message in House to  
Joint Session of Both Houses*

WASHINGTON, April 8.—President Wilson bridged today the gap that for over a century has separated the executive and legislative branches of the government.

Not as a cog in a machine, not as an impersonal political entity, nor as a mere department of government, but as the "human president," he went to congress to speak about the tariff.

Standing before the senate and house of representatives in joint session as no other president had done for more than a hundred and twelve years, President Wilson stated simply and tersely what he thought should be done for the welfare of the country and asked his legislative colleagues, man to man, to aid in keeping the pledges of their party.

With a sweep of decision that shattered precedent, the president brushed aside all imaginary boundaries between congress and the executive office and acted himself, as he expressed it, from that "isolated island of jealous authority" with which the president had come to be regarded.

**Ceremony Unusual Importance.** Congress, somewhat startled by the other day when it heard that the president had determined to deliver his message on the tariff by word of mouth, had prepared for a ceremony of unusual importance, and such it was, yet, when President Wilson arrived in the midst of the great throngs of cheering people in the galleries, and later looking up into galleries crowded with privileged ticket holders, he seemed after all what he said he was, "a human being trying to cooperate with other human beings in common service."

When the much-heralded incident was over, congress seemed pleased and the president was delighted. He expressed himself to friends as impressed with the dignity of the occasion and some of his confidants later declared that he left the capital greatly relieved to think that after all, his precedent smashing had not been such a cataclysmic thing as some older heads had predicted.

**Visit to Capitol Brief.**

The president's visit to the capitol was brief, lasting about a quarter of an hour. Leaving a cabinet meeting at the White House, he started on his mission at 12:45 o'clock. No one except a secret service man accompanied him. He rode in a White House automobile and five minutes later was driving through the crowds assembled about the house wing of the capitol. At 2:54 he reached Speaker Clark's room, just off the house chamber, where a joint committee of senators and representatives welcomed him.

**Day Is Made Holiday Through-  
out Young Republic; Is  
Notable Occasion**

WASHINGTON, April 8.—The United States will today recognize of China until the constitutional assembly, which met today at Peking, attains a complete organization. This decision became known after President Wilson had discussed the question with his cabinet today.

On account of the adjournment of the assembly until April 12, the formal step which the United States intended to take today will be delayed. Only a few countries will act with the United States, most of the others that had been requested to join in the movement having practically decided to await the outcome of the constitutional processes and elections, which will be a matter of several months.

Secretary Bryan announced that cablegrams told of the assembly's meeting at Peking, and that the new government had made a smooth beginning. The secretary gave the impression to his callers that as soon as both branches of the assembly completed their organization and provisional officers of the executive branch of the government were chosen, recognition would be extended without awaiting the general elections.

**Russia Influences United States?**  
Mr. Bakimeloff, the Russian ambassador who visited Secretary Bryan today to obtain clemency for a Russian subject imprisoned in an American penitentiary, is believed to have brought the answer of Russia to the American proposal for concerted action in China.

Not only the Chinese question, but the issue in connection with the California anti-labor law, occupied the attention of the cabinet today. The proposal of the Japanese government that such a bill would be a violation of the treaty rights of Japan was discussed by the president and his advisers, and an effort will be made to influence the removal of any cause for protest. Tomorrow the president will discuss the

IN DISCUSSION OF CITY  
AFFAIRS AT GATHERING**

An informal east side precinct meeting was held last night at the home of Mrs. C. H. Robinson, 718 East Platte avenue, for the discussion of many matters relative to city administration. The business of the meeting was carried on in the form of a conversation, and none of those present made a set speech. Among the matters taken up were the police question, particularly the need of devising some means of securing efficient police service and protection for Colorado Springs.

**Bids for College  
Men's Building to  
Be in by April 18**

Plans and specifications for the new men's building at Colorado college are on file at the office of Maurice B. Elser, the architect, room 403 Hagerman building, and several local contractors already are figuring on them with a view to submitting estimates. All bids on the building must be in by Friday, April 15, and the contract will be awarded by the trustees of the college soon after that date. This means that ground probably will be broken for the building early in May. In submitting bids, the building is to be referred to as the "men's building," and not as the "gymnasium."

## CAN THOMAS QUALIFY?

Section 94 of the City Charter reads as follows:

Any person nominated under this Article shall file his acceptance with the Clerk within five days from the filing of the petition of nomination and in the absence of such acceptance the name of the candidate shall not appear on the ballot. In said acceptance he shall make affidavit to the fact that he has not become a candidate as the nominee or representative of or because of any promised support from any political party or any committee or convention representing or acting for any political party.

Mr. Charles E. Thomas, candidate for mayor, has long since filed his acceptance, containing the affidavit here referred to. The penalty for violation of this section is disqualification from holding office.

Now it appears that on Thursday evening, February 27, a meeting was held to perfect an organization known as the Boosters' Club. Officers were elected and a resolution was passed urging Mr. Thomas to become a candidate for Mayor and endorsing such candidacy. A formal statement of the nature and aims of the organization was prepared for publication. We quote from this statement, as printed in The Gazette the next morning:

"The object of this organization is at all times to work for those things that are best in our civic life, BOTH MATERIALLY AND POLITICALLY, at the same time being non-partisan and non-sectarian."

"While the organization is non-political and was formed as a permanent body for the upbuilding of the city, IT RECOGNIZES THAT IT CANNOT AFFORD TO IGNORE POLITICAL QUESTIONS OR CANDIDATES FOR OFFICE."

"IT COULD NOT IGNORE THE FACT THAT AN ELECTION IS IMMINENT, AND AFTER CAREFUL CONSIDERATION IT HAS AS A BODY DETERMINED TO TAKE AN ACTIVE PART IN THE SAME. WHILE THE CITY ELECTION, COMING AS IT DOES IN THE NEAR FUTURE, HAS THRUST ITSELF ON THIS ORGANIZATION AS THE PARAMOUNT ISSUE at present, the members realize that after election it will continue its work for all that its name represents."

Observe that the Boosters' Club declares in one line that it is NONPOLITICAL, and in another that its object is to work for the best thing "both materially and POLITICALLY." It declares that it "cannot afford to ignore political questions or candidates for office," and that "after careful consideration it has as a body determined to take an active part in the same."

The net meaning of all this weaseling of words is that the Boosters' Club got into politics up to its neck at its very first meeting, and it proved the fact by passing the resolution for Thomas.

IF THAT ISN'T FORMING A POLITICAL PARTY AND PROMISING ITS SUPPORT TO A CANDIDATE WE SHOULD LIKE TO KNOW WHAT IS. Yet Mr. Thomas made an affidavit that he was not running "as the nominee or representative of, or because of any promised support from any political party, or any committee or convention representing or acting for any political party" and he did it knowing, presumably, that the actions of his friends, the Boosters, would disqualify him if anybody chanced to raise the issue.

Well, the issue is raised. Mr. Thomas is in the race and the Boosters are hustling for him night and day. They are running his headquarters in the Hagerman Building. They are enlisting members wherever possible, for anybody who wants to can join, and TO ALL INTENTS AND PURPOSES THEY ARE AS COMPLETELY A POLITICAL PARTY WITHIN THE MEANING OF THE CHARTER AS ANY OTHER PARTY THAT HAS BEEN ORGANIZED IN COLORADO SPRINGS FOR A MUNICIPAL CAMPAIGN.

NOW IF MR. THOMAS IS ELECTED MAYOR, WHAT IS HE GOING TO DO WHEN SOME CITIZEN INSTITUTES A QUO WARRANTO SUIT AGAINST HIM TO SHOW BY WHAT RIGHT HE HOLDS OFFICE? For there is hardly a doubt that it will be done. Section 94 of the Charter was not placed there for nothing. It was enacted expressly to meet such cases as this, and it meets them admirably.

Mr. Thomas says in his advertisement that he is "of necessity as well as of choice, non-partisan." The statement sounds well for campaign purposes, but the joker in it is revealed in the organization of the Boosters' Club, obviously trumped on only to boost his candidacy. But its organizers slipped up when they overlooked Section 94 of the Charter, and now they have placed their candidate in the uncomfortable position of being probably disqualified from the office he seeks.

To add to this discomfort there is the possibility that the Grand Jury, which will meet on the day after election, might, in the event of Mr. Thomas' victory, display curiosity as to the regularity of the proceeding.

WHY, AFTER ALL, SHOULD THE PEOPLE VOTE FOR A CANDIDATE CONCERNING WHOSE ELIGIBILITY THERE IS SUCH GRAVE DOUBT?

## POPE PIUS X IS CRITICALLY ILL SUFFERS RELAPSE, IN GRAVE CONDITION

Expresses Regret at Not Being  
Able to Continue His  
Audiences

ROME, April 8.—Pope Pius X has suffered a relapse, and as is usual in relapses, his condition is considered graver than that occasioned by his illness of last month. The present attack began with a fainting fit, and Professor Marchisava, the papal physician, was summoned late last night. He visited the pontiff again early this morning and several times today.

The official statement given out at the Vatican simply says: "The pope is suffering from a relapse of the influenza."

The Observatore Romano, the Vatican organ, published the following official statement this evening: "Since yesterday evening the only father has been indisposed with a relapse of influenza. His condition is causing no anxiety, but he requires much rest."

**Causes Great Anxiety.**  
The truth is that the pope's relapse is causing great anxiety, because it was not expected, and for the further reason that at his advanced age there is the ever-present danger of his being unable to withstand the drain on his strength.

Today his temperature reached a little over 100 fahrenheit, which in itself is but at all alarming, but the heart showed weakness and there were evidences of general exhaustion.

## Inheritance Tax 50 Per Cent Is Proposed For Estates of \$15,000,000

WASHINGTON, April 8.—An inheritance tax that would run as high as 50 per cent on fortunes over \$15,000,000 was proposed in a bill introduced in the senate today by Senator Jones of Washington. The measure would impose inheritance tax on all estates except where the tax is in the hands of the immediate family, in which case there would be an exemption of \$25,000 and a reduced tax rate.

The general inheritance tax proposed is as follows:  
On estates of less than \$5,000, one per cent; from \$5,000 to \$50,000, two per cent; from \$50,000 to \$250,000, five per cent; from \$250,000 to \$500,000, 10 per cent; from \$500,000 to \$1,000,000, 15 per cent; from \$1,000,000 to \$3,000,000, 20 per cent; from \$3,000,000 to \$10,000,000, 25 per cent; from \$10,000,000 to \$15,000,000, 40 per cent; above \$15,000,000, 50 per cent.

No constitutional amendment would be necessary to impose an inheritance tax.

## WHO GETS PROFIT FARMER OUGHT TO HAVE? THEY'RE GOING TO FIND OUT SOON

Farmers and Agriculturists From 30 States Gather in Chicago  
to Study High Cost of Living and  
to Find Remedy

CHICAGO, April 8.—Chicago housewives paid two cents a pound for fresh cabbage today, and commission merchants here paid from \$1.50 to \$2 a crate. Down in Rio Grande county, Texas, cabbage is rotting on the farms. The hunt to find who gets the farmers' profits, occupied farmers, truck growers and agricultural experts from 30 states and Canada who are gathered here today for a three-day session of the National Conference on Marketing and Farm Credits.

The railroads are not getting the money, said Commissioner of Agriculture Clegg of Texas. "At least we think not. The farmer is not getting it. The consumer is hoarding about the high cost of living. Where does the money go? If it's the middleman, we'll get him."

Peter Radford, president of the Texas Farmers union, said that farmers have long been restless under present marketing conditions. "We are going after the trouble in an organized way," said Mr. Radford. "We want to know why we get 30 cents for a bushel of potatoes when they sell for 75 cents to \$1 a bushel here. That seems too big a profit."

**Example in Massachusetts.**  
Warren Doherty Foster, member of the Massachusetts Homestead commission, said: "The potatoes raised on truck farms in Cummington, Mass., are rotting in the fields, while in Worthington, a town practically adjoining Cummington, they sell for \$1.50 a bushel."

## DIRECT ELECTION OF U.S. SENATORS IS NOW ASSURED

CONNECTICUT IS LAST  
STATE REQUIRED  
Leaders Say Amendment for  
All Practical Purposes Is  
Part of Constitution

WASHINGTON, April 8.—Direct election of United States senators by the people was authorized and made compulsory today when the Connecticut legislature ratified the constitutional amendment submitted by congress less than a year ago. The situation that results throughout the country where many legislatures have adjourned until 1915, is such as to leave confusion in the minds of members of the senate as to how the early steps toward direct election of senators will be carried out.

While the proclamation of the secretary of state announcing final ratification of the amendment by all states as required by law, has not been made, Senators Briggs and Borah, leaders in the direct election fight in congress, expressed the opinion today that the amendment for all practical purposes now is a part of the constitution.

"Any man who may be elected to the senate hereafter must be elected directly," said Senator Borah.

The new amendment gives to the state legislature, however, the right to prescribe the methods for electing senators. Many legislatures have sanctioned and will not reconvene until early in 1915, a few weeks before the terms of over 30 senators expire.

**Special Sessions Urged.**  
It is expected that in many states the legislatures will adopt the plan authorized in the new amendment and direct the governors to appoint senators temporarily until the people can elect them at regularly called elections. Special sessions of the legislatures will be urged in many states, so that the necessary laws can be passed before the general elections of 1914. In some states, action already has been taken so that the legislatures will be in session at the time of the next session, authorizing the people to vote for senators at next year's election.

The choice of a senator in Maryland for the place now held by Senator Jackson would have been made by the legislature next year, under the old system. A special session of the Maryland legislature would be necessary to provide laws by which a popular election could occur next year. In the opinion of members of the senate, no successor can be appointed by the governor under the new provision, when Senator Jackson's term expires, unless the legislature shall have especially directed such action.

HONOLULU, April 8.—All business was suspended here today when a mass meeting was held to protest against the sugar schedule proposed in the new Democratic tariff bill, which would paralyze all business in the Hawaiian Islands.

## LEGISLATORS MAY FACE RECALL SOON

Progressives Will Carry Fight  
to the People; Plans Are  
Now Under Way

By R. M. MCCLINTOCK.  
DENVER, April 8.—Throughout the present session of the legislature the little group of progressives in the state senate has been ridden over roughshod by the reactionary Adams-Barela, Democratic-Republican coalition. But with the end of the session, the progressives count upon their turnings. They intend to carry the fight to the people. Plans to ask the recall of several of the reactionary leaders have already been fairly matured.

Of the 35 members of the senate, 15 are holdovers, and will be in the next session, unless recalled. Most of the progressives are holdovers, but so are some of the most reactionary members, including both "Billy" Adams and Barela.

Of the progressives, only Blakey and Cross, both Democrats, will be retired at the end of the session. Among the reactionary Democrats who go out are Garman, Hecker, Hilts, Joyce, Metz, Sharpley and Van Tibor. Of the Republicans Cornforth, Hayden, MacArthur, Parrish, Stephan and Tucker will go out, and there is scarcely a possibility that any one of them can get back with the possible exception of Hayden of Huerfano.

**Plan to Invoke Recall.**

The following progressives will hold over: Affolter, Carver, Jles, Morris, Reynolds, Mrs. Robinson, W. C. Robinson, Tierney and Welland. Besides Adams and Barela, these reactionaries will be back at the next session unless recalled. Berry, Lines, Napier, Peterson, West and Williams. It is to remove some of these reactionaries that the progressives are planning.

The recall is almost certain to be applied to Berry of Denver. He was the only reactionary elected to the senate from Denver last November. He has shown himself conspicuously unfit, being simply an errand boy for Adams. He it was who got the prizefight bill through the senate, and he always votes exactly as directed by Adams. It would not be at all unlikely, either, if an effort were made to recall him, and not as the "gymnasium."

## ART EXHIBIT IS OPEN ALL WEEK

THOUSANDS INSPECT THE  
CRAWFORD PAINTINGS

Interest Keen in Last Display  
of the Winter, Plans for  
Next Season

The present exhibition of paintings of Elbert Crawford, in the rooms of the Colorado Springs Art society in the postoffice will continue open this week. More than 4,000 persons have visited the exhibition, but not all the school children have been able to see and study these very interesting and beautiful pictures.

The Colorado Springs Art society, thanks to the courtesy of Mr. Crawford, has been able to meet the demand for continuance of the exhibition.

Mr. Crawford leaves for Europe this spring for an indefinite stay, but it is hoped that he will again visit the west and give this section another opportunity of seeing his work.

This is the last exhibition to be held here this winter, but the great appreciation with which the three exhibitions have been received, has been most gratifying to the officers of the Colorado Springs Art society, and next winter equally interesting exhibits will be brought from the east.

The American Federation of Art, of which the Colorado Springs Art society is a charter, sends out arts and crafts exhibits—water colors, etchings, etc., as well as oil paintings, and the Art society hopes to have as many as possible at these exhibitions during next season.

## DEMOCRATS TABOO OPEN DOOR POLICY

Little Progressive Support Expected, Tariff Revision  
Under Way Today

WASHINGTON, April 8.—The fight for Democratic tariff revision began in congress today. Conference and party plans, which have held the stage for weeks past, gave way to the first open steps for the passage of the new tariff bill. President Wilson's personally delivered message, calling upon his party associates in both houses speedily to enact the party's pledges into tariff revision, was followed by a caucus of Democratic house members, which will continue for several days, and in which Democrats will attempt to settle their differences and agree upon support of the Underwood bill.

Thrillings of many features of the law developed today in Democratic circles in the senate. In a short session of senate Democrats, held to consider other matters, criticism was voiced by one or two western senators against the free wool provision and the sugar schedule providing free sugar in 1916.

**Party Regularity Vs. Publicity.**  
The house Democrats settled none of the general tariff questions today. The three-hour session was devoted to an occasional fight to throw the doors open to the public, a proposal defeated by a vote of 167 to 54. Details of the new tariff bill will be taken up tomorrow.

Some leaders still are insistent that the Underwood bill be subdivided so that separate votes may be had, if desired, upon the sugar and wool schedules. One plan that has been proposed to President Wilson is that schedules be grouped in such a way that the tariff will be comprised in four separate measures. These proposals are based on a growing belief that opponents of the sugar and wool provisions may muster strength enough to threaten defeat of the bill.

Many progressive Republican senators expressed their opposition to the Democratic bill because of the sweeping character of its proposed reductions. The Democrats are counting on little, if any, progressive Republican support in the senate, should the tariff revision go before that body as a single bill.

In the house caucus, Representative

# SUFFRAGETTES TRY TO BLOW UP OLD CASTLE IN ENGLAND

DUDLEY, England, April 8.—Military suffragettes early today attempted to blow up the ruins of historic Dudley castle, parts of which date back to the thirteenth century.

The inhabitants of the town were awakened by a loud explosion coming from the direction of the castle. A large force of police were dispatched there and on searching the surrounding grounds found chemicals and blasting powder. Most of the powder had failed to explode and the damage done was not serious. Two big siege guns, weighing a ton each, were thrown out of the embrasures of the castle by the suffragettes.

Many windows in a group of adjacent cottages were broken, but none of the inmates were injured.

A quantity of suffragette literature was scattered about. The police found no clue to the perpetrators.

One account of the explosion says the suffragettes loaded and fired one of the big guns, which was a relic of the Crimean war. It was a Russian cannon captured at the siege of Sebastopol.

LONDON, April 8.—Another campaign of destruction was started by the militant suffragettes of London against the mail boxes today. Hundreds of boxes were rendered useless and much mail was destroyed by the use of acids, ink and burning rags.

With this question, Henry J. Waters, president of the Kansas Agricultural college, began his address on "Educational Aids to Organization."

One of the chief difficulties with the present system, President Waters said, is the fact that the 10 men forced out of the field of production by modern methods and machinery, have not found employment that is profitable to society no matter how profitable it may be to themselves.

While the farmer has become through better methods, or improved machinery, a much more efficient producer than in earlier years, something has interfered to deprive him of a large part of the advantage that this increased efficiency naturally would be expected to bring. Something also has deprived the consumer of whatever advantages were expected to accrue to him, through these better systems.

Organization, President Waters believed to be the panacea that would make things as they ought to be.

MILWAUKEE, April 8.—Under proposed plans of the Milwaukee Electric, Railway and Light company, grocery stores and meat markets are to be established at various points throughout the city where employees may purchase provisions at cost. The company also plans to utilize about 1,800 acres of its vacant land for the cultivation of vegetables. The Milwaukee retail market men and retail grocers associations have entered protests against the plans.

## CONTROL SENATE AFFAIRS IMPOSSIBLE BY CHANGE

WASHINGTON, April 8.—Senate Democrats agreed today upon a policy designed to prevent control of senate affairs by a few members and to distribute powers lodged in committee chairmen. Resolutions accepted by the caucus give to the majority members of any committee the right to call a meeting and to designate members of conference committees and subcommittees.

Democratic senators expressed the opinion in the caucus that the new policies would prevent the buying of legislation in a committee through the action of a chairman who might be opposed to it. A further change advocated by Senator Lea, giving committees the power to elect their own chairmen, will be taken up later at a party conference.

## Three Candidates This Year for President-General D.A.R.

No sooner had the smoke of the battles raging around the breakfast given in Washington in honor of Mrs. Woodrow Wilson cleared away than the newspaper women of that city began to anticipate the next conflict to be waged there—the election for president-general of the Daughters of the American Revolution at the annual continental congress there next week.

There are three candidates, and as each one is giving a breakfast or luncheon in honor of the newspaper women during this week, the correspondents are anticipating some good times now, whatever may come when the battle begins.

Mrs. William Cunningham, story, the anti-administration candidate for president-general, announced several weeks ago that she would come to the capital the first week in April and that on Friday, April 11, she would give a big breakfast or luncheon in honor of the newspaper women who support the annual congress of the society.

Miss John Miller Horton of Buffalo, the administration candidate, arrived several weeks ago. She also will endeavor to attend the convention of the Lutheran missionary societies, which will be held in Canon City the latter part of the week.

The annual banquet of the members of the Apollonian society of Colorado college will take place next Friday evening, at the Cliff house in Manitou, as the custom has been for several years. The speaker of the evening will be Sperry S. Packard, 1932, an attorney of Pueblo.

**Dentists Entertain Wives.**  
At the Antlers hotel, Monday evening, the dentists of the city entertained their wives and sweethearts at a banquet and general good time, which proved to be so enjoyable that the affair will be repeated in the near future. There were about 40 present.

**Pictures Stay Until Week End.**  
It has been decided that the pictures of Ethelbert Crawford, on exhibition in the federal building, shall remain on the walls until the end of the week, so great does the interest in them continue to be. On Monday, which was not a particularly good day outside, there were 271 people at the rooms, among them some of the school children of Colorado city, and there are doubtless many who have not been able to go as yet who will be glad the exhibition will remain longer than was at first the intention.

**Young Woman's Auxiliary Today.**  
There will be a meeting of the Young Woman's auxiliary of the First Congregational church this afternoon at 3 o'clock, at the home of Mrs. Alvord, 218 East St. Vrain street. There will be sewing for the India box, and it is desired that there should be a large attendance.

## KING NICHOLAS DEFIES POWERS TO TAKE SCUTARI

BERLIN, April 8.—King Nicholas of Montenegro, answering a telegram addressed to him by the National Zeitung telegraphed today as follows:

"We hold the profound conviction that our cause is just before God and man. Scutari was the ancient seat of our kings and it is indispensable to our national development. Only brute force of numbers can compel us to give up this territory."

Carl A. R. Davis of Milwaukee has served 40 years in the revenue cutter service and is now retired at 80.

## HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Weeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some

**A NEW DESIGN AND A NEW MATERIAL.**  
One of the most charming of the new fabrics for spring was made up into this pretty frock. This is eponge batiste, an eponge whose airy lightness is weighted gracefully by deep borders woven in the material. The blouse closing in surprise style, the border is utilized on one side of the closing and the neck is finished with a wide rolling collar of self-tone peau de soie, the same material serving for the turnback cuffs. Lace scarf ends hang from beneath either side of the collar. The double flounce on the left side of the skirt is cut so that the woven border finishes the lower edge of each and a narrow stripe of the border has been applied to the perpendicular edges of the plain right side in both front and back.

**L. E. CURTIS AT MEETING  
OF STATE HIGHWAY BOARD**

Leonard E. Curtis of this city, rep-  
resentative of district No. 3 on the  
newly organized state highway com-  
mission, is in Denver attending the  
first meeting of that body, at which  
the money for road work will be ap-  
portioned to the various districts. J.  
M. Kuykendall of Denver, represent-  
ing the first district, has been elected  
president of the commission. The dis-  
tricts are as follows:

District No. 1—John M. Kuykendall,  
Denver; Sedgwick, Phillips,  
Yuma, Logan, Washington, Morgan,  
Weld, Adams, Arapahoe, Larimer,  
Boulder, Gilpin, Jefferson, Clear Creek.

coln, Kit Carson, Cheyenne.

**CANNOT HEAR CLAIMS  
COUNTY COMMISSIONERS**

The newly-appointed highway com-  
missioners, Banta and House, that the  
commission will be unable to listen to  
all the claims of the county commis-  
sioners, and announces that he will  
rely largely on the opinion of the ad-  
visory commission, which is in close  
touch with road conditions in all parts  
of Colorado.

This statement followed an effort to  
present the claims of El Paso county  
for a part of the appropriation for  
road work. County Commissioner  
Banta states that the funds now in  
possession of the commission probably  
will be divided among the five districts  
according to the plan arranged by the  
old highway commission. In this case  
El Paso county would receive about  
\$14,000.

**INSTALL SEWER SYSTEM  
SOON AT STRATTON HOME**

E. C. van Diest is drawing plans for  
a sewer system for the Myron Stratton  
home. The system, when installed,  
will connect all the buildings at the  
home. The plans are practically com-  
pleted, and the system probably will  
be put in at once by the trustees.

Plans also have been drawn for a  
separate sewer system for the village  
of Broadmoor. These have been dis-  
cussed, but there is some question as  
to their adoption.

**Death and Funerals  
JOHN S. GILMORE DIES**

John S. Gilmore, owner and editor  
of the Wilson County (Kan.) Citizen,  
and a regular summer visitor to Colo-  
rado and the Pikes Peak region, died  
Friday evening at his home in Fre-  
derick, Kan., according to word re-  
ceived here. The management of his  
paper will fall to his son, John S. Gil-  
more, Jr. Mr. Gilmore was one of the  
veteran newspaper men of the Sun-  
flower state. He learned his profes-  
sion in Emporia, working for Senator  
Plumb, on the Emporia Gazette, which  
now is the property of William Allen  
White. Mr. Gilmore was owner and  
editor of the Wilson County Citizen for  
45 years.

The Gilmore family owns a cottage  
at Woodland Park, and Gilmore spent  
several summers in Colorado Springs,  
Manitou and Woodland Park. He  
made his trips to this state during the  
last few years by automobile. Mr.  
Gilmore was 67 years old. He is sur-  
vived by his wife, one daughter, and  
his son, John S. Gilmore, Jr.

The funeral of Mrs. C. E. Dunmire,

Dr. James Homer Birge of Minne-  
apolis, Minn., is in the city to experi-  
ment at this altitude with a tubercu-  
losis treatment, which he has been  
studying for the last eight years. His  
investigations of tuberculous bacilli  
and its destruction is along lines sim-  
ilar to that of Dr. F. F. Friedman.  
He has discovered a serum which he  
believes to be destructive to the bacilli  
and harmless to the human system.  
Dr. Birge is visiting Dr. H. B. Mc-

**SEVEN REED COMPANIES

Two new companies with a total  
capitalization of \$2,000,000 were formed  
yesterday by the Reed interests, seven  
corporations being merged into the two

talization is \$1,000,000.

The Wyoming Securities Co. was  
formed from the Northern Wyoming

will have its headquarters in Sheri-  
dan, Wyo.

the offices of the Midwest Oil Co., Ex-  
change National Bank building.

**GET REGISTERED MAIL  
TO P. O. BEFORE 3 P. M.**

Owing to the change in schedules  
of train service between Colorado  
Springs and Denver, all registered  
mail for Denver that is intended to  
reach its destination on the day of  
mailing, must be at the postoffice be-  
fore 3 p. m. The change in time has  
necessitated a new schedule for de-  
livery from the local office that is  
keeping the clerks busy these days.

Registered mail is handled only by  
trains having mail clerks and although  
five clerks are running between this  
city and Denver, all come between 11  
a. m. and 3 p. m.

**Colo. College Student  
Prominent Playwright**

Miss Ellen Galpin, a student at Colo-  
rado college last year, is making a  
name for herself as a playwright and  
actress in Los Angeles where she is  
appearing in her own production, "The  
Tragedy of Nan." Miss Galpin, al-  
though but 21 years old, is the author  
of 10 plays, one of which, "The Toy  
Shop," she staged last year at Colorado  
college. Five of her plays have been  
produced, and her work is attracting  
much attention in Pacific coast dra-  
matic circles. Miss Galpin's mother,  
Mrs. Kate Turner Galpin, has taken  
great interest in dramatic work in Los  
Angeles. She trained with William  
Shakespeare club there several years  
ago.

**Thrilling Experience  
of Couple in Mexico**

Attacked by a band of rebels, robbed  
of all their possessions and then com-  
pelled to flee for their lives, was the  
experience in Saltillo, Mex., of Mr.  
and Mrs. C. H. Carpenter, who were  
here this week visiting Mrs. Carpen-  
ter's sister, Mrs. C. H. Auld, 214 North  
Wabash avenue. Mrs. Carpenter is  
assistant superintendent of the Mazatlán  
Copper company's smelter at Saltillo.

The smelter is located about three  
miles from the town, and Mrs. and Mr.  
Carpenter were the only white people  
living there. Fearing a siege, Mrs.  
Carpenter laid in a store of food some  
time ago. The expected attack came  
on the night of April 3, and after the  
house had been surrounded by rebels,  
and the walls riddled with bullets, Mr.  
and Mrs. Carpenter gave up all their  
valuables and fled to Saltillo. They  
took the last train out of that town  
on the night of April 3 and came direct  
to Colorado Springs from Brownsville,  
Tex. They are now in Denver.

**SEEKS MAMIE SMITH**

Oliver A. Clark, a Chicago attorney,  
has communicated with the police ask-  
ing them to find Mrs. Mamie Smith,  
nee Lee, a colored woman who came  
here in 1901 from Kansas City and  
lived at 726 South Corona street. Mrs.  
Smith is not at the address given, the  
authorities have learned, and no infor-  
mation regarding her residence here  
has been obtained.

**"CASCARETS" FOR A  
SICK, SOUR STOMACH.**

Gently but thoroughly cleanse and  
regulate your Stomach, Liver  
and Bowels while you sleep.

That awful sickness, belching of acid  
and foul gases; that pain in the pit-  
of-the-stomach, the heartburn, acrid  
sourness, nausea, bloating after eating,  
feeling of fullness, dizziness and sick  
headache, means a disordered stomach,  
which cannot be regulated until you  
remove the cause. It isn't your stom-  
ach's fault. Your stomach is as good  
as any.

Try Cascarets; they immediately  
cleanse and regulate the stomach, re-  
move the sour, undigested and fer-  
menting food and foul gases; take the  
excess bile from the liver and ease  
the constipated waste matter and  
prevent the intestinal trouble is caused.  
Then your stomach trouble is cured.  
A Cascaret tonight will straighten you  
out by morning. A 10-cent box from  
any drug store will keep your stomach  
sweet, liver and bowels regular for  
months. Don't forget the children—  
their little insides need a good, gentle  
cleansing, too.

**POSTOFFICE RECEIPTS  
FOR QUARTER, \$29,475**

Receipts at the local postoffice for  
the first quarter of 1913, which ended  
March 31, amounted to \$29,475.92, ac-  
cording to the report of Assistant  
Postmaster Allen. Included in this is  
\$2,504.25 for parcel post stamps. The  
first report made locally on the sale  
of the carriers for Uncle Sam's latest  
addition to the mail service.

Total stamp sales amounted to \$25,-  
947.58. The report compares favorably  
with that of 1912.

**Merchants Will Meet  
Friday Night; Weekly  
Lunch Directors Today**

The retail merchants division of the  
Chamber of Commerce will hold its  
monthly dinner Friday night at the  
rooms of the chamber, when a number  
of matters of interest to the business  
men will be discussed. B. E. Kaufman  
is president of the division.

The directors will hold their weekly  
luncheon this noon at the Acacia hotel.  
A number of important propositions  
will be brought up for action.

**IMPROVING BROADMOOR**

Five hundred cottages, and other  
buildings, will be planned within the next  
few weeks by the Broadmoor Village  
Improvement society, among the Broad-  
moor road from the top of the hill  
into the village limits. The shade trees  
are part of the improvement work now  
being carried on in that part of the vil-  
lage, and a large number of the lights and  
the extension of the waste system  
have already been obtained by the  
society. New pipes and fire plugs  
have been installed, thus giving the  
district adequate fire protection.

**MEN'S CLOTHING WANTED**

A barefoot man, who claimed that he  
walked several miles without shoes  
after his feet had become swollen from  
rheumatism, and another man, who  
had spent too near a bonfire and lost  
his coat and shirt in the flames, are  
the most interesting of a score or more  
who have applied to the Associated  
Charities for clothing during the last  
few days. Agent Worcester of that  
organization says that he has been  
besieged by men during the last few  
days, who state that they are return-  
ing from California, where there is no  
work. The association's clothing store  
has been depleted of men's clothing  
during the last week, and appeals for  
assistance in this line have been sent  
out.

**Societies and Clubs**

The annual congregational meeting  
of the United Presbyterian church will  
be held at 7:30 tonight, at the church.  
Light refreshments will be served.

The Lowell Improvement league will  
meet at the Lowell school this after-  
noon at 3:45 o'clock. There will be a

ing. Miss Helen Govey will sing. Re-  
freshments will be served. Patrons  
and friends of the church are invited  
to be present.

There will be a special communica-  
tion of Tejon lodge No. 12, Jr. O. U.  
A. M., this evening at 7:30 o'clock, at  
Masonic temple, for work in the Fellow  
Craft degree. Visiting Masons are in-  
vited.

Duquesne council No. 12, Jr. O. U.  
A. M., will meet tonight in G. A. R.  
hall. After the regular meeting the  
committee on arrangements for the  
state convention of the order, to be  
held here next May, will meet in  
executive session.

The Brotherhood of the First Pres-  
byterian church held a dinner at the  
church last night, which was attend-  
ed by 60 men. The dinner was served  
by the women of the church. A stereo-  
scopic lecture on dentistry was given  
by Dr. F. S. McKay. The next meet-  
ing will be given as a "box dinner,"  
when each member will be required to  
bring a box with him.

**CANDIDATES ASKED  
TO ADDRESS MEETING**

All the city candidates have been  
asked to address a meeting of citizens  
tonight at the Reed house.

**TO DISCUSS REOPENING  
EASTONVILLE BRANCH OF  
C. & S. R. R. TOMORROW**

DENVER, April 8.—The question of  
re-opening the Eastonville branch of the  
Denver to Colorado Springs line from  
Denver to Colorado Springs and the  
proposed appeal by the railroad com-  
pany from the decision of the state  
supreme court in the case of the Bur-  
lington and the Colorado & Southern  
will be taken up by officers of the Bur-  
lington and the Colorado & Southern  
at a conference to be held in Denver  
Thursday.

Burlington officers who will be in  
Denver are: C. G. Burnham, vice  
president in charge of traffic; H. E.  
Byram, vice president in charge of  
operation; W. W. Holdrege, general  
manager, and Chester M. Davis, gen-  
eral counsel. A. H. Parker, vice presi-  
dent and general manager of the Colo-

company, which is controlled by the  
Burlington. The Burlington men are  
engaged in making all inspection of  
the work being done along the route

fully denied in Denver yesterday by  
officials of both roads.

**BUNTY PULLS THE STRINGS  
PLEASES LARGE AUDIENCE**

By H. H. F.

Quaint, appealing and altogether de-  
lightful "Bunt Pulls the Strings" is  
without question one of the most worth-  
while attractions that the present the-  
atrical season has given us. An audi-  
ence both large and brilliant completely  
filled the Opera House last night and  
gave a real Scotch comedy of rare  
charm and exquisite simplicity, fault-  
lessly executed.

Graham Moffat, a Scotch actor and  
playwright, comparatively unknown  
two years ago, has given the dramatic  
world a play that was the sensational  
success both of London and New York  
last year. And at that, "Bunt" con-  
tains no tense situation or brilliant  
lines. There is the simple, plain life  
of these Scotch country folk of 50  
years ago, the human element brought  
out with a simplicity and humor that makes  
the play appealing.

The dominating character of the play  
is the charming young girl, Bunt. Big-  
gart, who, taking her mother's place  
in the management of her father's  
household, keeps her father from em-  
barassment and possible imprisonment  
because of financial tangles. Keeps her  
brother on the right track to useful  
habits; has the satisfaction of seeing  
her father choose a capable wife  
and thus the family financial trouble is  
settled. Her husband, if thick-skinned,  
never, "Wealth."

The comedy is one of real merit.  
At the part there were many in the  
audience who could not understand  
the Scotch dialect of the players, but  
as the play progressed the lines were  
easily understood. The staging was  
admirable. Miss Molly McIntyre, as  
Bunt, is a sweet winsome, a  
most capable manager and altogether  
adorable. Miss McNeill, as Bunt's  
mother, and J. Nelson, as Bunt's  
father, made possible a rare and  
wonderful Scotch humor. Miss Jean  
Hume, as Sister Simpson, was a  
Scotch "villainess" should be. Wealth  
Spruit, a well-witted young man of  
serious purpose, was well taken by  
William Lennox.

**Stork and Cupid Cunning Plotters**  
Many a New Home will Have a Little Sunbeam to Brighten It.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of childbirth. But thanks to a most remarkable remedy, known as Mother's Friend, all fear is banished and the period is one of unbounded joy and anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of those peculiar nervousness and other symptoms that tend to weaken and oppress the mother. Thus Cupid and the stork are held up to veneration; they are aided in their plotting to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradfield Regulator Co., 331 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend today.

Clinton, Ky.—Mrs. M. C. McElroy, in a letter from Clinton, writes: "For six years, I was a sufferer from female troubles. I could not eat, and could not stand on my feet, without suffering great pain. Three of the best doctors in the state said I was in a critical condition, and going down hill. I lost hope. After using Cardui a week, I began to improve. Now I feel better than in six years.
